

World Leader in Sophisticated Packaging Systems

ESHB22 Automatic Straight Type Suction Cup Case Erector

series overview

The model ESHB is an innovative high performance carton erector/sealer.

This erector is built for heavy usage with quick and simple carton size changeover. The adjustments for the hopper width, carton width, and carton height are fine-tuned with easy-to-adjust screw drives.

If you are looking for a simple yet heavy-duty built carton erector, this is a must-see machine.
